DREW LAWRENSON AND JESSICA WILSON ATTEND VIRTUAL ADVANCED BUSINESS MATCH MEETINGS

March 5, 2021

Harper Grey recently became a member of [Advanced Business Match \(ABM\)](#), an organization that hosts virtual and in-person events to foster opportunities for business connections. ABM members combine Indigenous and non-Indigenous approaches into sophisticated business practices applying traditional ways of knowing, being, and relationship-building.

Harper Grey lawyers, [Drew Lawrenson](#) and [Jessica Wilson](#) regularly attend networking events with ABM, the most recent focused on Boards and Governance, agriculture, and water topics. By attending these meetings and expanding our network, we are able to help make connections for our clients for potential community projects, business opportunities, and business partnerships. This adds value for our clients, and helps us to provide better overall services to achieve their goals.

If you are interested in attending an online networking event with us please let [Drew](#) or [Jessica](#) know.
