**KIM YEE AND DANIEL REID PRESENT ON
“ELECTRONIC MEDICAL RECORDS – PITFALLS
TO AVOID” AND “PRIVACY ISSUES”**

On January 5, 2017 Harper Grey associates [Kim Yee](#) and [Daniel Reid](#) presented to physicians and staff at the Pacific Centre for Reproductive Medicine in Edmonton. Kim Yee presented on “Electronic Medical Records – Pitfalls to Avoid”, while Daniel Reid presented on “Privacy Issues”. Kim maintains a busy litigation practice broadly focused on matters associated with complex bodily injury claims which involve complex causation issues. Kim has a particular interest in fertility law and has developed niche expertise in this emerging legal field. Daniel’s thriving defamation and privacy practice provides him with a significant depth of expertise in this area and he is a frequent speaker on legal/technological issues.
