"PRODUCT LIABILITY IN THE EUROPEAN UNION" REPORT

Harper Grey Associate, [Siobhan Sams](#), is a co-author of Lovells, *Product Liability in the European Union* (2003). This report for the European Commission analyzed the practical application of the Product Liability Directive and its impact on consumer protection across the EU, based on a comprehensive study undertaken by Lovells LLP that surveyed hundreds of participants, including producers, insurers, consumer representatives, regulators, practising lawyers and academics.
