**HARPER GREY DELIVERS ON ITS  
INFORMATION GOVERNANCE STRATEGY BY  
LAUNCHING THE CLOUD-BASED  
NETDOCUMENTS PLATFORM**

February 19, 2019

Harper Grey is pleased to announce the successful implementation of NetDocuments, a cloud-based document management system.

Our clients will benefit from a highly secure system which allows for greater document transparency and matter-centric collaboration.

“Achieving agile technological innovation does not require a firm to introduce more complexity to its systems”, says [Dharam Dheensaw](#), Harper Grey CIO. “At Harper Grey, our goal is to reduce complexity while increasing security, efficiency and firm-wide productivity. The introduction of NetDocuments is but one stepping stone along the path of the firm’s continuous commitment to utilizing technology to enhance our client services.”
