**JOIN US IN CELEBRATING INTERNATIONAL
WOMEN'S DAY**

March 8, 2019

As part of Harper Grey's celebration of International Women's Day, we created a video featuring some of the amazing women from our firm. We got together this morning to view the video and to recognize the incredible work by all of our female lawyers and staff, and celebrate how today – and every day – our firm is better because of them.

International Women's Day is recognized globally on March 8 and celebrates the social, economic, cultural and political achievements of women. The day also marks a call to action for accelerating gender parity. International Women's Day has occurred for well over a century, with the first official gathering in 1911 supported by over a million people.
